

SEED OF ESTABLISHMENT: GIVING FOR ETERNAL PURPOSE

Text **Genesis 22:1-18**

Seed of establishment is a seed you given for a **CAUSE**, for a **PURPOSE**, for a **VISION**. In IWMI we sow this seed once every year. This seed is NOT given to gain material things like buying a new car or a house, to find a husband, to have a child or to get money back. Rather it is given for an eternal purpose, your purpose on earth. The seed of establishment “establishes” you in your eternal assignment that follows you beyond this life.

Unlike tithe (given to rebuke the devourer) or first fruits (to protect income), seed of establishment is given for your eternal purpose on earth.

Biblical Examples of Seeds for Purpose

• **Abraham’s Sacrifice of Isaac (Genesis 22)**

Abraham was originally “Abram” (adopted father, unable to reproduce) but God separated Abraham from his father’s house and changed his name to “Abraham” (father of many nations) and he eventually had a son.

After some years God demanded: “Take Isaac, your only son, and sacrifice him on the mountain I will show you.”

Keep in mind that this was NOT a seed Abraham chose to give. This was God’s direct instruction – a seed God demanded for His purpose, not Abraham’s convenience.

Key points about this seed:

- There was a Specific requirement: Isaac (not money, not another offering)
- A designated place
- No room for questioning: This wasn’t about what Abraham wanted

When Abraham arrived at the sacrifice location with his servants, he told them: “Wait here. I and the lad will go worship.” **Why?** Because your purpose is personal—you don’t need anyone’s validation to fulfill what God called you to do. God didn’t tell your neighbor, husband, or mother. He told YOU.

SEED OF ESTABLISHMENT: GIVING FOR ETERNAL PURPOSE

The Test and Provision

God tested Abraham's faith: "Can I really entrust this kingdom assignment to you? Are you trustworthy?" When Abraham proved faithful, God said, "Don't touch him." Then God Himself made provision for the sacrifice—a ram caught in the thicket. The sacrifice was not Abraham's to provide. It was God's demand for Abraham's eternal purpose.

After Abraham passed the test, God declared in Genesis 22:16-18

- "By myself I have sworn"
- "I will bless you abundantly"
- "I will multiply your descendants"
- "Through your offspring all nations will be blessed"

These promises had been spoken before, but the seed further established it.

The Woman with the Alabaster Box Matthew 26:6-13

She wasn't the first person to give Jesus a gift, Why was her sacrifice never forgotten? Her seed was connected to Jesus' eternal purpose on earth—His death and resurrection. It had eternal relevance beyond the physical act. Jesus said: "This woman has prepared me for my burial."

Solomon's Sacrifice (2 Chronicles 7:5)

Solomon's sacrifice (seed) is still remembered generations later because it was given "in the matter of the Lord"—meaning there was nothing physical about it. It was for God's eternal purpose.

The Spiritual Significance of Seed of Establishment

Why Give It Yearly? It establishes you and keeps you deeply rooted in the place of assignment for the year

Revelation from prayer: Special angels are assigned to ensure that before a new season begins, your seed is already growing on the ground.

How to Stop the Devil

Paul said in 1 Thessa 2:18: "I wanted to come to you over and over again, but the devil hindered me." This scripture shows us that the enemy can pose a hindrance to the assignment. However, you can become a terror to the devil through spiritual measures, particularly seeds given for eternal purpose. These seeds create spiritual protection and momentum that the enemy cannot penetrate.

Other giving or Types of Seeds

There are other distinct seeds, apart from the seed of establishment, they are sown for other purposes

SEED OF ESTABLISHMENT: GIVING FOR ETERNAL PURPOSE

Tithe and Offering: Seeds for Earthly Protection

Malachi 3:10 - "Bring your tithes to my house... if I will not open the windows of heaven and pour you a blessing."

You must understand that when you give tithes and offerings, you are not making God rich—you are making yourself rich. It's has nothing to do with enriching God; they are God's authorized measure and opportunity to bless YOU. God cannot arbitrarily say "I bless A, I bless B, I rebuke the devourer" without legal basis. **He needs grounds, a basis, legality.** His principle is: give your tithe and offering, then the blessings are released automatically and the devourer is rebuked on your behalf. When others at work face gossip, termination, and attacks, **the devourer is rebuked for you** because of your faithfulness in tithing. That's what it's meant for.

First fruits: Seed for Income Protection.

"If the first seed be holy, every other one will be holy."

When you give first fruits, **you are protecting your income.** Those who give first fruits are rarely terminated from jobs, and if they are, it's because a better opportunity is coming.

Key principle: These are spiritual measures that differentiate you from others. They speak for you when challenges arise.

If you are not doing what God has said, you have shut down God's authorized measure to bless you.

All these seeds are for your protection and prosperity as long as you're on earth. They don't follow you to heaven—there's no devourer in heaven.

Conclusion

Change your mindset about giving

The devil has deceived a lot of believers into thinking seedsowing are for the church or to make God rich. **It's a lie.** Every seed is ultimately for YOUR benefit and YOUR purpose.

As Gatekeepers we must understand that Seed of establishment is not about material gain—it's about eternal establishment in God's kingdom purpose.
