

PRINCIPLES OF REPLENISHMENT

Theme Scripture: Genesis 1:28 KJV “And God blessed them, and God said unto them, be fruitful, and multiply, and replenish the earth, and subdue it: and have dominion over the fish of the sea, and over the fowl of the air, and over every living thing that move upon the earth.”

To replenish means to fill or make a thing full! In the theme scripture God expressed his creative power through spoken words. In Genesis 1, God spoke creation into being and in verse 28 He spoke fruitfulness to man, this means God is telling Man that he has the ability to double what has been given to him. Man has the ability to reproduce and multiply (that is fruitfulness). Glory to God! To sustain the “fruitfulness” that man already has in him, God through his creative power went further to speak replenishment to man. This implies that God gave Man a way to sustain the fruitfulness in him (through replenishment) Hallelujah!

Importance of Replenishment

There may be times when there is no fruitfulness because it's not in its season; as such to strengthen the fruitful nature God gave man there is need for replenishment! The sustaining power behind fruitfulness & multiplication is to replenish! After the great flood in the book of Genesis, only Noah & his family was on earth. This means Noah was fruitful; he had children and all the animals with him on the ARK were Male & Female. This means the ability to be fruitful is present! However, the problem was not fruitfulness, but replenishment was what was needed at that time because the earth must be filled according to God's purpose for the earth.

In Genesis 9 v1 God blessed Noah & his children again; “And God blessed Noah and his sons, and said unto them, be fruitful, and multiply, and replenish the earth.” Reminding them of the same blessing of Genesis chapter 1
When you refill a thing, it regains its strength and stability

PRINCIPLES OF REPLENISHMENT

Principles Of Replenishment

1. Understand the blessing & provision of replenishment: Understand that the ability to replenish is already in us.
2. Accept this blessing and let it be your consciousness. Believe you can be full again no matter the condition. Remember that you have the ability to replenish in you.

If we must replenish this season, we must accept what God has said and that is “We have the ability to replenish”! We must accept and be conscious of the truth that nothing in our hand dies. The strength of what we do isn’t in the physical, rather it comes from the inside. Jesus understood this and he spoke “as long as I am in this world, I am the light of the world” (John 9 v5) Jesus came to replenish! And up until now we still use the name of Jesus to fill up the earth with Gods divine purpose! Hallelujah!

Conclusion

There is no replacement without fruitfulness, as Christians we have the seed of fruitfulness in us, which leads to replenishment. You do not need prayers or laying of hands to replenish, you have got the seed in you.

Embrace what God has said “REPLENISH! It is a blessing that you don’t work for; all that is needed is to accept this blessing.
